Teaching & Leadership

18th March 2020

Dear Parents and Carers,

Many of you use our after- school club provider 'POPS', who run wrap around care at Flanderwell Early Excellence Centre.

We have been discussing with them contingency plans for the parents and carers of our emergency services in the event of a possible school closure due to the Coronavirus outbreak.

Should the government allow them to do this, they would offer childcare for the **parents and carers of emergency services only** for as long as they would be able to (as long as their staff are well). In order to keep our emergency services running, this would be for those families only who can provide proof that they work in the police, fire, medical professions. Understandably, there would be the usual charge for full day provision, which is currently £20 per day.

This offer is subject to government approval at this stage, but in order to plan for the contingency, it would help them to know potential numbers. If you work in the emergency services and would need this level of childcare to carry out your job, please could you email POPS at info@popsoutdooradventure.co.uk in order for them to plan for the potential possibility.

Many thanks,

Alison Adair
Executive Headteacher
